

CARE & MAINTENANCE

- Clean the cabinet as needed with a lint-free cloth dampened with mild soap and water. Dry immediately with a lint-free cloth.
- Wipe up spills, spatters and water marks as they occur, keeping the surface dry.
- Use an emulsion-non-solvent cleaner and polish designed for kitchen cabinets, on all finished wood surfaces as needed.
- Avoid using scouring pads or powdered cleansers. These may scratch and penetrate the surface, allowing food or moisture to enter and cause deterioration of the finish.
- To help preserve finished wood surfaces, use only a silicone-free polish such as Guardsman's Clean & Polish for Wood Furniture.
